

Gas-Free Basement Tee Replacement Tool

Replace or abandon inside 3/4"-2" low pressure service tees and fittings without blowing gas or outside excavations.

- *Safe and Gas-Free*
- *Use on equal or reducing tees*
- *Sturdy lightweight construction*
- *Fast and easy to install in tight places*
- *Simple clamp-on assembly*
- *Only one 9/16" wrench needed*
- *Minimal training*

The tool seals on the tee. The cap or plug is removed. A stopper is inserted into the service pipe, stopping the flow of gas. Fittings are renewed, stopper is retrieved and the service is back online.

Gas-Free Modular System

Versatile: Choice of 3 Stopper Types Depending on Fitting
