3/4"-2" Gas-Free Safe-T-Stopper Mueller Stop-Off Kit

Remove the brass completion plug and stop off a 3/4" to 2" Mueller service tee, working through a ball valve. When the job is done, the same kit puts the completion plug back.

FEATURES

- ***Spring-loaded adapter grips & lifts the completion plug.***
- ***Easy to use stopper.***
- ***Sight glass and flashlight confirm the tee is clear.***
- ***Re-installs the completion plug.***

HOW IT WORKS

ORDER: KIT# 54-STS75020M

1. Install adapter and ball valve on the tee
2. Remove completion plug.
3. Expand a rubber stopper below the outlet stops the branch.
4. Reinstall the completion plug, cap, & re-energize service.
